#feelingempowered

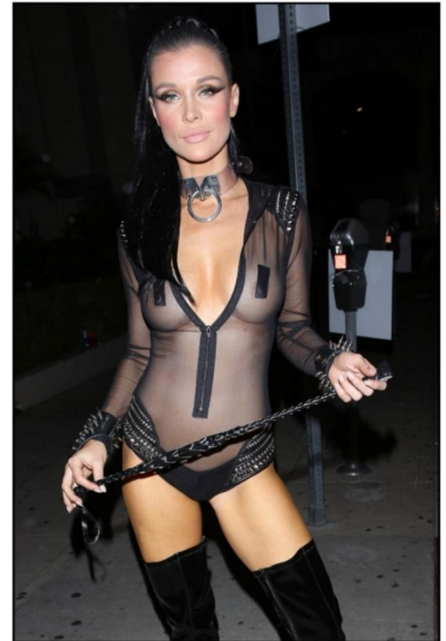

Really, I mean I like it. I wouldn't say that posting a selfie with side boob and a thong "empowered". I'm more impressed with the fact that you are 50 and still look 20! **J.Lo** is one of the few AARP members that I would hook up with. It's her and Tina Turner lol

Looks like **Serena** forgot to put her pants on. No, no...she's getting her hair done for a panty line photo shoot. I don't know about you but the first thing I noticed was her throwback Nikes!

Can someone **PLEASE** tell **Ariel Winter** that she doesn't have an ass!

Joan Krupa's dominatrix costume left a lot of men wishing that everyday was Halloween.

Move over Kardashians there some new booty in town. **DJ YesJulz** has more ass than a donkey farm. Anybody know where I can get a hold of her sextape?

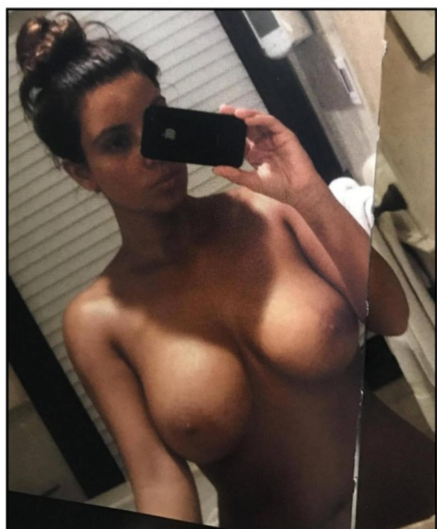

Before you start to get any crazy ideas about what you might do to the ex,ex,ex-Disney star Miley Cyrus, take a moment to

take in the whole picture. She is standing on a yoga mat, wear yoga pants so maybe she's just taking yoga.

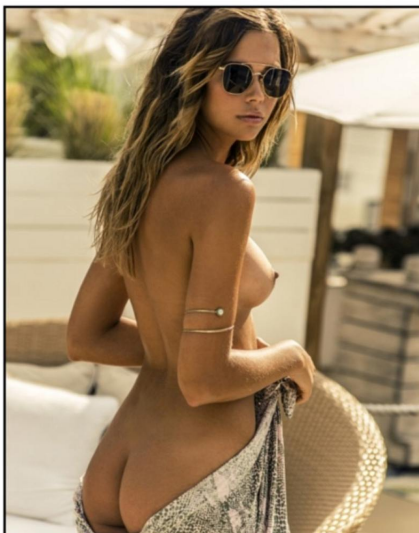

One of the photos from the beautiful **Bella Thorne's** shoot for *Playboy*. I'm not sure what's going on over there, Hef is my hero. But if you're reading this aren't you're glad were not *Playboy*.

I know that you all are itching for your **Kim Kardashian** fix, so here it is. A nice selfie of Kim and her enhanced baby boobs. You're welcome.

If you haven't seen this [video](#) of **Melissa Molinaro** performing at her wedding, you are missing out! This performance is the thing guys dream of.

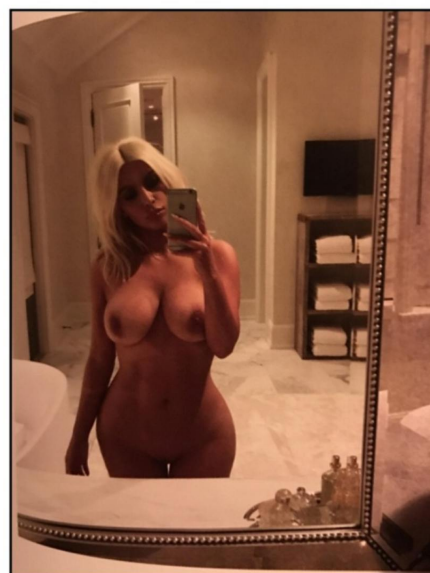

Sandra Kubicka posed nude for *Treats Magazine*. What an incredible spread and she looks fabulous. Oh, to be young again.

Word on the street is that this was a **Maitland Ward** nip slip. I'm sorry but if there is an entire boob exposed then it isn't a slip, it a work of art.

Do you remember a few months back when **Kim Kardashian** released these selfies with black bars? Here they are uncensored...just for you.

PETA JENSEN

This lovely adult actress was born in the city of Zephyrhills, a town so small (population 14,381) that I'm willing to bet that Peta had the biggest breast (now a bra busting 34F) in town.

I'm wondering how a beauty from such a small town made her way into the world of porn.

I'll have to continue to wonder because there isn't a lot of information available on Peta. No worries though, her body tells us all we need to know.

Q & A

Top Floor Magazine answers the questions submitted to the Playboy Advisor

Why do college guys have a hard time getting it up? Seventy percent of the guys I've slept with could not get an erection. Isn't it enough to have a naked woman saying "fuck me now"? What am I doing wrong? I'm not ugly, and I don't smell. - S.E., South Bend, Indiana

One simple word...masturbation. College age men spank that monkey anywhere from one to four times a day. They are usually stimulated by some form of porn. Porn is a supranormal stimulus, which activates the brain in a way that makes you seem average and less pleasurable. So even though you are laying there butt ass naked with your legs wide open, a college guys brain who watches porn finds the real thing less stimulating as fantasy fucking some chick in a porn flick. The result is 43% of men in that age range have a problem getting it up during real sexual situations. In some cases it can actually skew a guys perception of what beauty is. So it doesn't matter what you look like or smell like. Sadly, this trend could continue into well into their 30's. My suggestion to you would be to quit the college guys with great bodies and find a flabby forty year old of you want your percentage of erectile dysfunction to go down.

When a woman is getting divorced, at what point is she single again? A woman who has separated from her husband wants to have sex with me but her divorce isn't final, so I'm not comfortable with it. - G.M., Springfield, Illinois

When is she single? The moment she walks out that door. Women are strange, the moment they decide that they are no longer going to share the va jay jay with someone, they usually don't. Plus, if she is actually going through with the process of a divorce (which isn't free) you can bet your bottom dollar that she is done. I suggest that you get it while the getting is good. I would be more worried about the relationship factor. Don't get caught up! You are more than likely a rebound so enjoy it while you can.

We want to hear from our readers!

If you have a reasonable question about sex or relationships we would be more than happy to answer it. Sometimes those answers may contain a bit of comedy but we will try to make it as informational as possible

In the News

We all know that Obama has smoked a little pot in his lifetime but what about this Trump guy. He doesn't drink, smoke or have sex with any woman over the age

of 50. How in the hell can we expect him to be cool with weed. Despite the fact that ballot measures passed to make it legal in eight states, there's a chance that Trump the terrible will shut that shit down. Bummer!

Now here's a protest I can get behind. After the controversial election, some groups including minorities, LGBT and women are wearing safety pins to declare that they don't feel safe in this new Trump America. Worse case scenario, if something goes down they have a sharp weapon.

Javier Galeano/REUTERS

Supreme Court Justice Ruth Bader Ginsburg appeared to be wearing her dissent "jabot" on Wednesday just one day after Donald Trump was elected. The only problem was there were no major decisions before the court on Wednesday. One can only assume that Supreme Court Justice Ruth Bader Ginsburg was using her first amendment right to protest the election of Trump. Just a guess. I might be crazy though.

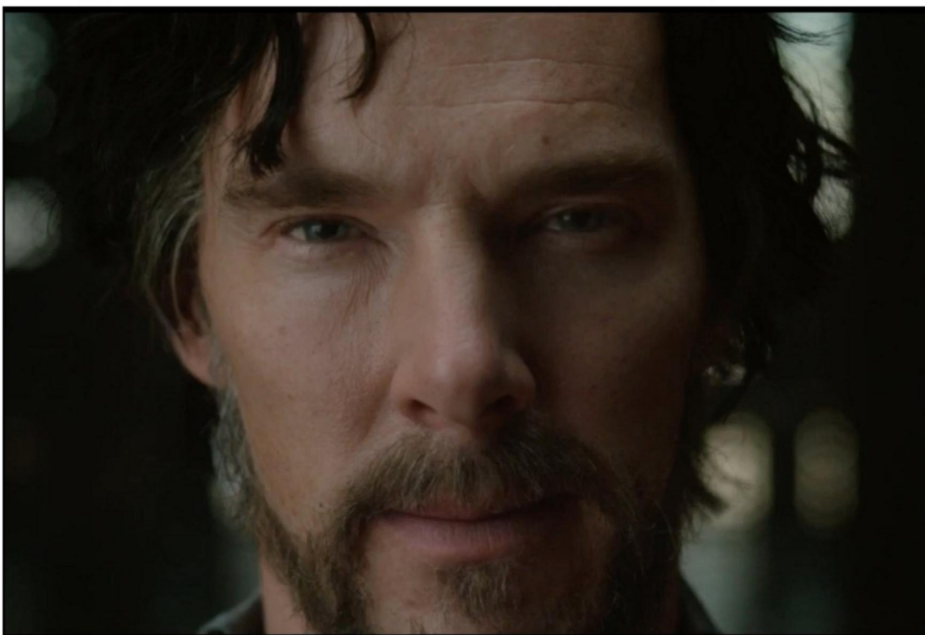

Opinion

I really can't say that I'm mad anymore, once all of the information came in. There wasn't ONE group of women under 50% that voted for him. We all looked at him as this huge joke, no one took him seriously. Yet, there he was on my television set every night for at least 30 minutes or more. Even on my progressive stations, I was sitting and watching what Donald Trump had done that day - with very little coverage on Hillary, the candidate that they were supposedly supporting. Even **MSNBC** became the Trump channel, which by the way made me stop watching them. I called in to the **Stephanie Miller** show and suggested that they stop talking about him if they didn't want him to win the election, they laughed, said it wasn't possible and hung up.

THE NEW QUEEN OF TFM - HOLLY

DOCTOR STRANGE

Based on the Marvel character originated in 1963 by Stan Lee and artist Steve Ditko.

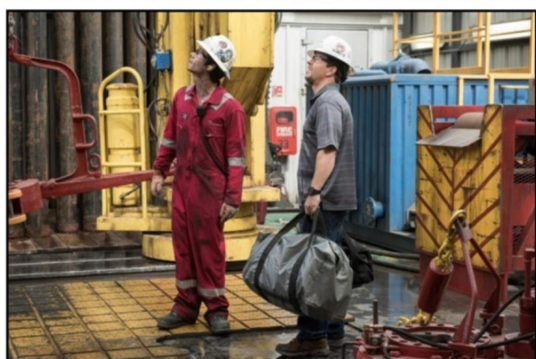

Dr. Strange was a self-centered New York surgeon robbed of his touch after a car accident. After a stint as a wandering derelict, he encounters a healer in the Himalayas and learns to tap into psychic powers to battle wrongdoers. The idea of this film is to open up a whole new corner of the cinematic universe. We want to enter, through Strange, the world of parallel dimensions."

IN THEATRES

Jack Reacher: Never Go Back

Jack Reacher heads back to his old military base in Virginia to take a woman to dinner who is now the commanding officer. By the time he gets there, she has been arrested, and Reacher finds himself being charged with pummeling one guy and fathering a child with a woman. He can't remember either transgression but gets to the bottom of it with cunning and sometimes brute force.

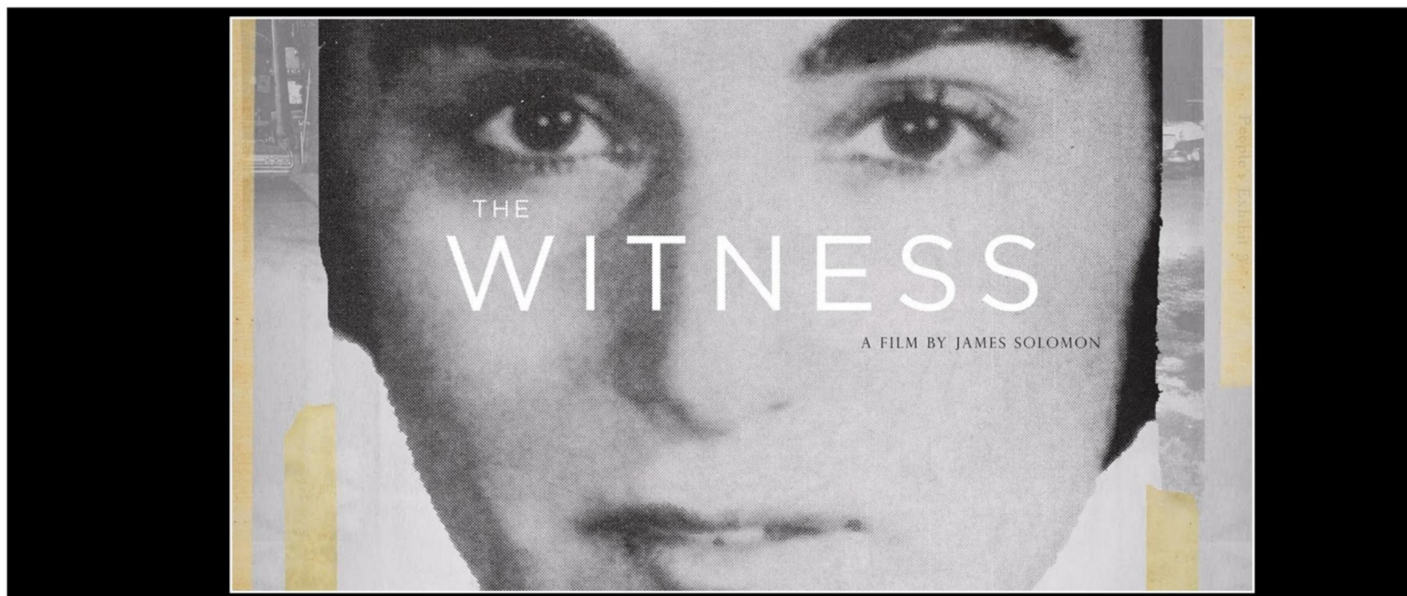

Deepwater Horizon

Based on the true events that occurred on an oil rig in the Gulf of Mexico on April 20, 2010, the story chronicles the courage of those who worked on the Deepwater Horizon and the extreme moments of bravery and survival in the face of what would become one of the biggest man-made disasters in world history.

Billy Lynn's Long Halftime Walk

The film is told from the point of view of 19-year-old private Billy Lynn who, along with his fellow soldiers in Bravo Squad, becomes a hero after a harrowing Iraq battle and is brought home temporarily for a victory tour. Through flashbacks, culminating at the spectacular halftime show of the Thanksgiving Day football game, the film reveals what really happened to the squad – contrasting the realities of the war with America's perceptions.

The Witness

And I am reminded on this holy day...of the sad story of Kitty Genovese. As you all may remember, a long time ago, almost 50 years ago, this poor soul cried out for help...time and time again, but no person answer her calls. Though many saw, no one so much as called the police. They all just watched as Kitty was being stabbed to death...in broad daylight. They watched as her assailant walked away. Now, we must all fear evil men. But there is another kind of evil...

which we must fear most, and that is the indifference...of good men! - *Boondock Saints*

Kitty Genovese has been held up as an example of social apathy for decades.

Bill Genovese investigates the 1964 murder of his sister Kitty Genovese, a New York woman who was attacked while 38 people allegedly did nothing to help her.

Great film. Available on Netflix

DEPROGRAMMED

DEPROGRAMMED chronicles Ted 'Black Lightning' Patrick's anti-cult crusade. His practice of 'deprogramming', also known as 'reverse brainwashing', started in the early 1970s and quickly snowballed into a vast underground movement to physically and mentally remove individuals from 'cults'.

Satanic

The one and only problem that I had with this half-way decent film was the overall premise. I kept feeling that I was watching a remake of the film *The Evil Dead* which is why this film only gets...

NO NO (out of five)

HOLIDAY MOMENTS

5. My first Thanksgiving in Arizona

When I made the decision to move to Arizona, my Mom said I would be back in three months. I moved there in December, and now it was November and Thanksgiving day. I had never made a Thanksgiving dinner. I had no idea how to make a turkey and I was working with limited funds. I'm of the mindset that you **don't learn** to cook an expensive meal. I decided to substitute chicken for the turkey. I didn't know how to bake a whole chicken either but what the heck. Of course, this way before Google or Youtube, where I could have just looked it up. I decided to make a whole chicken and I think some stuffing and corn. I remember calling my mom to ask her how to bake the chicken. I put the chicken in this ass hole of an oven (I think it was the only time I had ever used it) with no seasoning no nothing on it, cooked it for the time my Mom said and just assumed that it was done. I was going out that night so...I had to do what I had to do. What I had for Thanksgiving that year was an under-cooked chicken that I took a couple of bites of and some delicious corn and stuffing - it was impossible to fuck those up. The most important part was I had made it

almost a year. That was a big deal to me! Cooking my first Thanksgiving meal was just a bonus.

4. Thanksgiving in Arizona 2.0

Thanksgiving 2.0 was very special to me. It was with the folks that would become my future in-laws. I have to be honest, I had been out there on my own for a while and it was nice to connect with people. I had spent way too much time in brief relationships what were going anywhere...in other words, having fun! I didn't know at the time whether or not I would actually marry this women but I can say that her family made me feel very welcome and I did some things that I had never done before - like go to the movies after we had dinner. Who does that? Of course, nowadays with all the early sales there are people leaving in the middle of dinner to go stand in line with a bunch of people they don't know, so they can get the new whatever.

Camelback Mountain Phoenix, Arizona

3. Breakfast with BP

I invited Bruce over for Thanksgiving one year and it turned into almost a week long get together. At the time BP was my main road dog, we hung out almost every weekend and had been through a lot together. He was and still is one of my best friends. We sat and played cards, drank and told jokes for hours. Then we got up and started all over again...and again! The next thing you know it was Sunday and both of us had stayed at my mother's house the whole time. It was like a party that never ended. No, it was not a gay thing, not that there's anything wrong..

2. Thanksgiving in our new home

Well, I married the young lady that was mentioned in #4 and we moved into our first house just before Thanksgiving. While we were moving, she fell down the stairs carrying the last thing that we had to load on the truck...a comforter. It was only the two of us moving out of that apartment. We had carried beds, dressers, nightstands, an entertainment center, couches...all kinds of heavy shit! She fell down a flight of stairs, leaving her glasses on the third stair of the six carrying a motherfucking comforter. Where is the logic in that? Now, at this time in my life I was still at the baked chicken, corn and stuffing stage - though I will admit it would be the best chicken, corn and stuffing that you ever had - and my wife has just fallen the stairs (carrying a motherfucking comforter) and hurt her wrist. My first worry was who the hell was going to help me unload. It was getting cold and had just began to snow. We didn't have the money to keep the truck another day. Luckily, one of my other good friends came over to help unload what I couldn't take off by myself. The next morning (Thanksgiving day) we had to find somewhere to take her other than the emergency room (because we would have been there all fucking day) to take her to have her wrist looked at. We found a place about 12 miles away that just happened to have a Giant Eagle that was opened right down the street. The kids and I dropped her off and then went shopping to pick up the little extra things we needed. They gave her a brace for her wrist and she breezed through dinner like a champ.

For the first time, I was sitting at a table, eating my food in **MY** house. I'm sure that many of you have experienced the first Thanksgiving in your new home but there's something to be said for moving in one night and waking up the next morning and it's **Thanksgiving**.

1. My last Thanksgiving with my Dad

I'm not really sure if we thought that it was the "last" Thanksgiving and there was this weird feeling of the unknown. My Dad had been diagnosed with cancer years earlier, so as far as we were concerned EVERY Thanksgiving could have been the last. When he was first diagnosed, we were all really scared but he went through the treatment and everything seemed to be ok. They said that they had removed it all and things were looking great. Well all of that cancer that they removed somehow spread to his lungs and at that point he was terminal. We didn't know when or where, only how. This particular Thanksgiving was different though. I remember jokingly asking my Mom if I could curse around the house (I was twenty at the time) and my Mom said she didn't care. Typical of my Dad he argued that she didn't want him cursing around the house so why should I be allowed to. The only thing was that my Dad had a certain way of arguing, especially when it was with my mom and this was more warn and fuzzy than it was used to. He was serious but his tone was different. That scared me a little. I wasn't sure that it might be our last Thanksgiving with him until I put on the Saturday Night Fever album. We had listened to that album for so many years that I decided to take it off. When he asked me - fucking ASKED me to put it back on - I knew that it would be a miracle if he made it another year. It wasn't like him to **ask me** to do anything. To this day, I'm not sure if he knew or if it was the fact that he didn't know that made him act the way he did that night. Either way, I really appreciated it. Our last Thanksgiving with my Dad was spent with a slightly kinder, gentler version of him and I really appreciated it and I'm sure that the rest of my family did to.

This Thanksgiving I wish that we all could appreciate what we have because we all will never know when we will lose it! Don't leave the table that you just gave thanks for all of the things you have to go out **and get more shit**.

Thanks HW for letting me fill in for you this month - she will be back next month. Happy Turkey Day!!!

What Now?

By Alex Rogers

I know that some of you are still getting over the shock of what many consider the election of one of the most unfit, unqualified man to ever serve in the office of the president of the United States of America.

He won the election over Hillary Clinton, probably one of the MOST qualified candidates that has ever been nominated.

What the fuck happened?

Well...I'm going to give you a brief overview on just how he got elected.

The first thing he did was to take out every republican candidate one by one by branding them with silly names.

In the Art of War one must compel your opponent to fulfill your will. The first person that he went after was the person who was the candidate most likely to win the nomination - Jeb Bush or as you've come to know him Low Energy Jeb.

It seems so childish but as one of my friends put it "we're are just a bunch of grown ass children pretending to be adults."

He just went down the line...1 for 44 Kasich, Little Marco, Lyin' Ted, Crazy Bernie and Crooked Hillary.

It was effect because these names are imprinted in your

brain. Every time Ted Cruz is in the news, you will think Lyin' Ted and Hillary will always be Crooked Hillary even to the liberals that support.

You combine that with a different version of Nixon's southern strategy.

In case you don't know what the southern strategy is - the southern strategy refers to methods the Republican Party used to gain political support in the South by appealing to the racism against African Americans harbored by many southern white voters.

What happened was he gobbled every one of those votes on day one. When he referred to Mexicans as a bunch of rapist and drug dealers - he got nearly every racist vote in the country. Then when he said that he would round up the Muslims - it was a lock!

What I can't understand is the woman vote.

Especially after admitting that he would use his celebrity status to sexually abuse women. This was blown off as "locker room" talk but if you admit that you can just walk up to a woman and kiss them and "grab them by the pussy" I can't figure out why any woman would vote for him.

But what actually happened was...

The second largest contingent of women supporting Trump was white women with college degrees. Forty-five percent of them voted for him.

According to the CNN exit polls here's a breakdown...

education among whites by sex			
	clinton	trump	other/no answer
white college-grad women 20%	51%	45%	4%
white non-college women 17%	34%	62%	4%
white college-grad men 17%	39%	54%	7%
white non-college men 17%	23%	72%	5%
non-whites 29%	74%	21%	5%
24537 respondents			

education			
	clinton	trump	other/no answer
high school or less 18%	45%	51%	4%
some college 32%	43%	52%	5%
college graduate 32%	49%	45%	6%
postgraduate 18%	58%	37%	5%
24537 respondents			

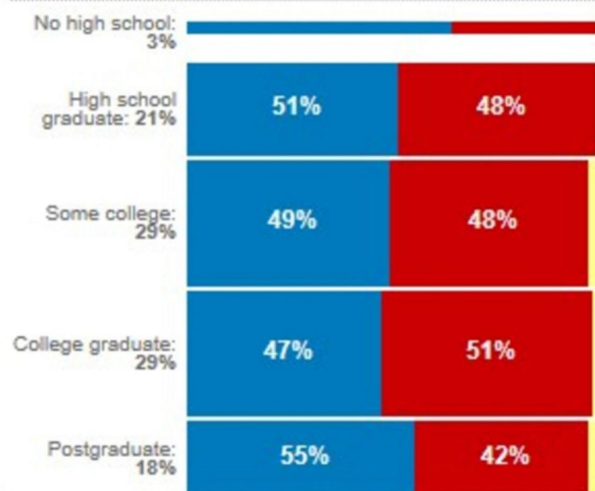

race and gender			
	clinton	trump	other/no answer
white men 34%	31%	63%	6%
white women 37%	43%	53%	4%
black men 5%	80%	13%	7%
black women 7%	94%	4%	2%
latino men 5%	62%	33%	5%
latino women 6%	68%	26%	6%
others 6%	61%	32%	7%

race			
	clinton	trump	other/no answer
white 70%	37%	58%	5%
black 12%	88%	8%	4%
latino 11%	65%	29%	6%
asian 4%	65%	29%	6%
other race 3%	56%	37%	7%

I hope you can see the pattern here.

I don't want to make a quick judgement here so let's compare some numbers with the 2012 election.

Vote by Education

Vote by Age and Race

TOTAL	OBAMA	ROMNEY	OTHER / NA
White 18-29 year olds:11%	44%	51%	5%
Latino 39-44 year olds:3%	71%	28%	1%
Latino 45-64 year olds:3%	68%	31%	1%
Latinos over 65 years old:1%	65%	35%	N/A
All others:5%	67%	31%	2%
White 39-44 year olds:18%	38%	59%	3%
White 45-64 year olds:29%	38%	61%	1%
Whites over 65 years old:14%	39%	61%	N/A
Black 18-29 year olds:3%	91%	8%	1%
Black 39-44 year olds:4%	94%	5%	1%
Black 45-64 year olds:4%	93%	7%	N/A
Blacks over 65 years old:1%	93%	6%	1%
Latino 18-29 year olds:4%	74%	23%	3%

Shocker, the numbers are almost identical to the last election!

With the exception that **18 million people** didn't vote.

I think the surprise came from so many people expecting all of the shit that DJT was saying. I think all liberals felt like they had it in the bag. They felt that there was no way that a candidate like DJT could have the same amount of support that a Mitt Romney or John McCain would. I'm sure that I'm not alone in thinking that DJT was a JOKE.

So we relaxed, 18 million people stayed home and guess what...that motherfucker won.

So what now?

There are protest happening all over the world, that's what.

I can understand why white folks are looking at the protestors like they have two heads because they voted the same way in 2008 and 2012 and things didn't go their way. But they didn't take to the streets and protest, they just formed the Tea Party and blocked legislation for eight years.

What I don't understand is why the protestors are protesting...NOW!

You should have been protesting from the time he said he was going to return America to "law and order" and that he was the only person who could fix this.

You didn't hit the streets then, so...

I'm sure that the photo just shown upset some of our readers but leave it to Occupy Democrats to provide the best way for me to express how I felt about this.

If you voted for Trump, I'm tired of trying to see things your way while you sit in your holier than thou church and slash white power meet ups refusing to see things mine. Did I just lump you in with white supremacists? No, you did that to yourselves? You voted for the same candidate as the KKK. You voted for a candidate endorsed by the KKK. For the rest of your life you have to know that you voted the same way as the KKK. Does that feel good to you? Here's a hint, it really shouldn't. Especially if you call yourself a Christian.

I'm tired of pussyfooting around what offends your morals while couching what offends mine. Because racism, homophobia and misogyny and xenophobia offend mine.

Let me say it right here, if you voted for Trump I do think you're a racist, I do think you're homophobic, I do think you're a misogynist. Racism, homophobia and misogyny are all on a spectrum and you're on it.

Don't like getting painted with the broad brush of racism? Now you know what it feels like when you're told that you want to rip a baby out of a mother's womb at nine months when that's not what happens. That's never what happens.

I tried to be polite but now I just don't give a damn. Let's be honest we don't live in polite America anymore, we live in grab 'em by the pussy America now. So thank you for that, being polite was exhausting.

And don't come out with how you just didn't like Hillary. This was bigger than Hillary. This wasn't your standard "I just want lower taxes and smaller government" republican. We had Germans warning us that this guy was scary and still you cried emails or Benghazi or that voice. There's been mountains of evidence that what you think Hillary did wasn't that big of a deal or even true. Some of

the finest minds in the world have drawn you graphs and charts showing that no crimes were actually committed and you were either too dumb or too willing fully ignorant to even care. If you really cared about crimes, you would care about any of the three pending against your candidate. Take your pick. I would start with the rape of a thirteen year old girl but if you voted for Trump you probably don't care what happens to women.

Doesn't matter anyway, she received so many death threats from your political peers that she dropped the charges but ask me again why more women don't come forward...

Have fun having all those children that your health insurance won't pay for birth control to prevent. I'm just kidding, you're not going to have insurance, won't that just be great again? The truth is for those of us on this side, there is no when all of this over - things are just getting started...

So now's the time that you might want to start seeing things from my side because if we are all going to have to be friends after this, imagine me having to be polite and respect your vote to take my rights and freedoms and those of my friends away while we fight desperately to try to hold onto them.

Because that is what you did.

I couldn't have said it better.

In the words of Dick Gregory "It's over."

If Trump governs that way he campaigned, I'm not sure the US can rebound from this.

A penguin takes his car to the shop, and the mechanic says he needs an hour to check it out. So the penguin goes across the street to the 7-Eleven to kill some time and get an ice cream. Since the penguin has no hands, the poor little guy gets the ice cream all over his beak. He returns to the mechanic and the guy tells him, "Looks like you blew a seal." "Oh no," says the penguin, "this is just a little ice cream."

You know you're getting old when your wife says, "Honey, lets run upstairs and make love," and you answer, "I can't do both."

After fighting some crime, Superman wanted to score some action. He flew over to Wonder Woman's apartment to see if she was available. As he landed on her balcony, he saw Wonder Woman naked on the bed with her legs wide open. Superman thought to himself, "I'm faster than a speeding bullet; I could be in there, have sex, and be out again before she knew what happened." So Superman did his super thing in a split second and flew off happily. Meanwhile back on the bed, Wonder Woman asked, "Did you hear something?" "No!" said the Invisible Man, "But my ass sure hurts like hell!"

A guy takes his girlfriend to his bedroom, drops his pants, and says, "Meet my little brother." The girlfriend picks up her purse on the way out and says, "Call me when he grows up."

There was a young rabbi, who on Sabbath Eve announces to the congregation that he will be leaving for a larger congregation that will pay him more. There is a silence. No one wants him to leave. Cohen, who owns several car dealerships, stands up and announces, "If the rabbi stays, I'll provide him with a new BMW every year, and his lovely wife with a Range Rover, to transport their children!" The congregation sighs and applauds. Feinstein, the entrepreneur and investor stands up and says, "If the rabbi stays, I'll double his salary, and establish a college fund to guarantee the college education of his children!" More sighs and applause. Old Mrs. Horowitz, aged 96, stands and announces, "If the rabbi stays, I will have sex with him!" There is a silence. The rabbi, blushing, asks, "Mrs. Horowitz, whatever possessed you to say that?" Mrs. Horowitz answers, "I just asked Mr. Horowitz what we could do to make the rabbi stay. Mr. Horowitz said, 'Fuck the rabbi.'"

I told my wife that I would get a tattoo on my pecker of a one-million dollar bill. This way she can blow a million bucks without leaving the house.

A statue of a naked woman and a naked man stand in a park at night. Suddenly from out of nowhere, a magical genie arrives and grants the statues each one wish to be fulfilled. Both the female and male statues agree on 15 minutes as a real man and woman in the bushes behind them to "get things done." The genie gives a knowing grin and grants the wish. The man and woman immediately jump behind the bushes and screaming sounds and laughter can be heard from their activities. 12 minutes later they return to the front of the bush again claiming they are finished. "Well now, that was kinda quick!" the genie says. "You can do it a second time for the remaining 3 minutes if you want," the genie tells them, winking his eye. Both the female and male look at each other and smile. The man says to the woman, "Okay great, but this time you get to hold the pigeon so I can shit on him!"

A man walks into a bar and the bartender says, "If you can make that horse over there laugh, you can get free drinks for the rest of the night." The man walks over, says something to the horse, it laughs, and he walks back over to the bar to collect his free drinks. The next night, the man goes back to the bar and the bartender asks the man if he can make the horse cry. The man walks over, does something to the horse, and it starts to cry. The bartender asks, "How did you make it cry?" The man replies, "Well, to make the horse laugh last night I told it I had a bigger dick and to make it cry tonight I showed it."

One day a farmer wakes up to go check on his cheese cow. He walks up and finds her dead in the grass. The man is so upset he kills himself. Then his wife wakes up. She finds her husband dead and goes to the lake and kills herself. Next the first son wakes up and notices everybody is dead. He goes down to the river and sees a mermaid. She swims up to him and says, "Having a bad day, huh? I'll tell you what. If you make love to me ten times in a row without stopping, I'll bring everyone back to life. But if you don't, I will kill you." He tries to do it, but doesn't make it. She kills him. Then the second son wakes up and after seeing his dead parents, also goes to the river where he sees his dead brother. The same mermaid swims up and tells him what she told his brother. He asks, "If I make love to you 20 times, what will you do?" She tells him, "If you are able to perform 20 times in a row, I will bring everyone back and make you the richest man alive." He then asks, "Well if I do it 20 times in a row, what's stopping you from dying? It killed the cow."
